

MATERIAL SAFETY DATA SHEET

Product Identity:
Jerry's WOW SOLUTION
Gypsum-to-Gypsum Separator

SECTION I. Identification

ORIGINATED MAY 2008

Manufacturer
Dental Ventures of America Inc.
217 Lewis Court
Corona, CA. 92882

Emergency Telephone Number:
Infotrack: (800) 535 - 5053
Product Information Number:
(951) 270 - 0606

SECTION II. Composition/Information on Ingredients

Generic Description: Emulsion of stabilized polysiloxanes and glycerin <20%.
Use: Separator for plaster to plaster.

SECTION III. Hazardous Ingredients/Identity Information

Hazard Designation: None. No product generated risks identified. Blend of harmless substances.

SECTION IV. First Aid Measures

General Information: None
Eye Contact: Flush thoroughly with water.
Skin Contact: No risk
Inhalation: Move to well ventilated area.
Ingestion: Consult a physician.

SECTION V. Fire-Fighting Measures

Suitable Extinguishing Agents: Water, water mist, synthetic foam, CO2 dry chemical or sand.
Non-Suitable Extinguishing Agents: None.
Combustion Risks: CO2 and CO, SIOx may form.

SECTION VI. Accidental Release Measures

Individual Precautions: None.
Environmental Precautions: Dispose of product according to local, state, provincial and federal regulations.
Cleaning Methods: Aspirate with pump, absorb with inert material. Dispose of or recycle according to regulations and wash residues with water.

SECTION VII. Handling and Storage

Storage: Store in a cool, dry, well-ventilated place in hermetically-sealed containers. Store away from direct sunlight. Never store at less than +5 C (do not freeze). Store away from oxidizing agents.

Product: *Jerry's WOW Solution***SECTION VIII. Exposure Controls / Personal Protection**

Precautions:	Observe standard precautions for handling chemical products.
Respiratory Protection:	None required.
Protection of Hand or Skin:	None required.
Protection of Eyes:	Avoid contact with eyes.

SECTION IX. Physical and Chemical Properties

Specific Gravity (20 C):	1.0157	Odor:	Odorless
Brookfield Viscosity (20 C):	340 cps fan wheel 4 20 RPM	pH:	8.92
Solubility in Water:	Dispersed in water.	Pt/Boiling Range:	About 100 C
Normal Aspect and Color (20 C):	Milky liquid	Pt Flash Point:	None
Inflammability (solid, gases)	None	Spontaneous Ignition:	None
Explosive Properties:	None		

SECTION X. Stability and Reactivity

This product is stable under normal conditions and use.

Conditions to Avoid:	Exposure to cold.
Materials to Avoid:	Strong oxidants
Dangerous Products of Decomposition:	CO - SiO _x

SECTION XI. Toxicological Information

The categories of risk included in the EEC Directives do not list the product.
 Risk to Humans: Through analogy with similar products it is to be concluded that the product, if used correctly, is not included in any category that may constitute a chemical risk.

SECTION XII. Ecological Information

Use the product in accordance with good working practices and dispose of according to regulations.

SECTION XIII. Disposal Considerations

Dispose of this material according to local, state, provincial and federal regulations.

SECTION XIV. Transportation Information

This product does not constitute a hazard.

SECTION XV. Regulatory Information

No product-generated risks determined according to Digs. 25/2002 Italian Official Gazette dated 10/26/02 n. 252 Decree 7 September 2002 implementing EEC Directive 2001/58.
 Labelling in Accordance with EEC Directive: Not required. RID/ADR Shipping: Not regulated by law.
 Periodic Inspections as per DPR 303/56: Not required.

SECTION XVI. Other

Observe all the usual precautionary measures applicable to use of industrial chemical product. Free of heavy metals.
